Makes 1 ball

Prep 10 minutes

Cook 3 hours or leave to air dry over night

- 1 cupful of plain flour (about 250g)
- half a cupful of table salt (about 125g)
- half a cupful of water (about 125ml)

Method

1. Preheat the oven to its lowest setting and line a baking sheet with baking parchment.
2. Mix the flour and salt in a large bowl. Add the water and stir until it comes together into a ball.
3. Transfer the dough to a floured work surface and shape into your chosen model. You can roll it out and cut out shapes, numbers or letters using biscuit cutters, or make any kind of model you can think of. We made some fruit and veg shapes plus cupcakes for a teddy bear's picnic.
4. Put your finished items on the lined baking sheet and bake for 3 hrs or until solid or leave your creations to dry overnight
5. Leave to cool and then decorate with paint, pens, glue...any way you'd like
