

# NURSERY HOME LEARNING

## WEEK COMMENCING: 29<sup>TH</sup> JUNE 2020

### Story telling:

Continue to use the Oxford Owl website to listen to different stories and share them together <https://www.oxfordowl.co.uk/> and click on my class login to enter:

Username: thamesiden

Password: ThamesideN

We have been learning about space recently. We have loved the 'Space song rocket ride' story found here: [https://www.youtube.com/watch?v=SAHy\\_2IFFGA&list=RDSAHy\\_2IFFGA&start\\_radio=1](https://www.youtube.com/watch?v=SAHy_2IFFGA&list=RDSAHy_2IFFGA&start_radio=1) It's a really catchy and informative song that takes you on a journey through space.

### Maths:

Continue trying the wonderful activities on: <https://nrich.maths.org/13371>

We have been creating rockets using different shapes. Maybe you could use rulers to draw different shapes and create your own rockets. I wonder what shapes you may use? We used rectangles, diamonds, triangles and more

### Keeping active:

You could try some space yoga: <https://www.youtube.com/watch?v=v9W8iV4AJYQ>

You could also use some scrap paper, roll it into space rocks and have a competition to see who can throw their space rock the furthest. You could measure the distance your space rock has gone.

### Phase 1 Phonics:

Continue to use phonics play to explore different phonics activities

<https://new.phonicsplay.co.uk/>

Have a little try at this general sound discrimination challenge sheet. See if you can create your own musical instruments or use different sounds when you read a story <https://primarysite-produced.s3.amazonaws.com/silvertrees-academytrust/UploadedDocument/371c6cf88ea3440d80c7489056346ea2/t-l-5625-general-sound-discrimination-instrumental-sounds-home-learning-challenge-sheet-fs1.pdf>

### Phase 2 phonics:

<https://parentshomeworkhub.com/week-1-learning-to-read-satp/> has some good ideas on re-capping and teaching the different sets of letters. Explore the website to find which word set you are on.

When watching the sound video's focus on jolly phonics as this is what we use in school.

### More ideas:

If you've enjoyed reading the space story at the top, Cbeebies have some wonderful activities and videos around the topic of space <https://www.bbc.co.uk/cbeebies/topics/space>
